

MOB MAKES QUICK WORK OF RAPIST

Negro Who Assaulted Little Girl, Taken From Officers At Paris and Hanged

(By Associated Press)
Maysville, Ky., Mar. 30.—The body of Grant Smith, the negro, aged 40, confessed assailant of Ruby Anderson, 14, daughter of Robert Anderson, of Johnson Junction, hanged by a mob near Flemingsburg last night, was cut down today. His hat was still on the head. The body was not mutilated. Officers from whom the mob took Smith, are not subject to the new state law which vacates the office of those who permit mobs to take prisoners. The bill was signed by the Governor but because it carries no emergency clause, is not effective until June 1st.

Maysville, March 30.—Grant Smith, negro, 40, confessed assailant of Ruby Anderson, 14-year-old daughter of a wealthy Fleming county farmer, last night was hanged from a telephone pole by a mob on the Lexington pike, between Blue Lick Springs and Mayslick.

The body of the negro was not mutilated. His arms were wired to his side and he was still handcuffed. His hat was still on his head. A grass hemp rope was used to swing him.

The crowd did not fire at the body, but went about the lynching in a silent and unemotional way, the eyewitnesses declared, and then went home. The negro lived fifteen minutes after he was swung up.

The lynching occurred six and a half miles from Mayslick and 18 miles from Maysville.

Paris, March 30.—A mob from Fleming county last night took away from officers here Grant Smith, 40 years old, negro, charged with attacking four months ago, Miss Ruby Anderson, 14-year-old daughter of Robert Anderson, Johnson Junction, and left in automobiles with the announced purpose of burning the negro.

The mob of 25 armed men, who held up Chief of Police Link and Deputy Sheriff Powell in front of jail here as they were carrying the negro from the train, left in automobiles on the road toward Millersburg, which also runs through Blue Lick Springs and thence to Flemingsburg.

A report was circulated that he was cut by the mob and all communication with Fleming county was cut off last night.

The negro, taken from Covington to Paris by Deputy Sheriff G. W. Powell, of Fleming county, the train reaching Paris shortly after 6 o'clock. Chief of Police Link who had been notified by Powell, met the train in his automobile. There were several strangers at the depot, but no demonstration was made as the negro was placed in the car. However, the officers were suspicious and made a wide circuit before taking the street leading to the jail.

There was no one in sight at county jail and the officers thought their quarry was safe. Just as the machine slowed down at the curbing, armed men began to pour out from hiding places around the jail, and the automobile was surrounded. Thirty revolvers were pointed at the officers and two of the mob pressing pistols into their sides, disarmed them. The leader said laconically:

"We are going to take the negro."

As the negro, his face betraying his fright, was roughly seized and dragged from the car, one of the mob taking the chief of police's handcuffs, remarked:

"You'll find these in the ashes in the morning."

The negro was rushed to one of the five automobiles concealed in a bridge near the jail. A roar of engines and clashing gears heralded departure of the mob on the road toward Millersburg.

The work of the mob was quick and silent. None of the men were masked, but Deputy Sheriff Powell declared he did not recognize any of them. It was almost dark. The officers had no chance to offer resistance, so sudden and deft was the action of the visitors.

Smith, who is 40 years old and has a wife and four children, confessed that he twice has assaulted the girl, according to Deputy Sheriff Powell, who brought the negro back from Pontiac, Mich., where he was arrested a few days ago after a search of nearly two months, with the trail leading through Ohio.

The negro, who had lived most of his life on the Anderson farm, and had been a trusted tenant, declared he threatened to kill the girl if she told what had happened.

He did not seem at all regretful about the crime, Deputy Sheriff Powell declared, and broke out in laughter when he saw the sheriff at the Pontiac jail. He had little to say on the trip and seemed unconcerned. At Cynthia, the deputy said, the negro began to get uneasy and pulled down the window shade.

Smith declared he first assaulted the child one morning at the barn after the men had gone to the field. The second assault, he said, was two days later and also was committed at the barn. A week later the girl left for Millersburg to attend college. When she returned the latter part of January and he heard of her condition, he decided to leave for fear his threat to kill her would be disregarded. He left the day after the first attempt to lynch Lockett at Frankfort.

When the deputy told the negro he was surprised that he had committed the crime after having worked so long for Anderson and had been treated like one of the family, he merely replied: "I was sorter surprised myself."

The girl did not tell of the assault until after the negro had fled. Her condition was learned by teachers in the school at Millersburg and her parents took her home. She was there for a week before the negro left. She was sent to Louisville for an operation, it is understood.

Deputy Sheriff Powell had been on the trail of the negro in Ohio for several weeks but could not catch up with him. He learned he had gone to Michigan and notified Detroit police to send out reports to other cities in the state. Smith's arrest last week followed. Powell went after him the latter part of the week and took him to Covington last night. He then telephoned Judge Fulton county judge of Fleming county, asking further instructions as to the prisoner, and he was told to take him to Paris.

It was learned last night that Fleming county farmers, neighbors of Robert Anderson, Johnson Junction, whose daughter assaulted twice by the negro last fall, had gathered in four cities—Paris, Maysville, Mt. Sterling and Lexington.

County Judge Fulton ordered the prisoner taken to Paris and he was to have been smuggled into some secret point in Fleming county at 3 o'clock in the morning in an automobile, was to have been allowed to waive examining trial and then rushed out of the county again.

IRVINE MOONSHINE CASES HERE AGAIN

U. S. Commissioner Warfield Bennett is hearing the cases against Ambrose Young, "Shorty" Hines and Eschell Wallace, charged bringing a lot of moonshine whisky into Irvine a few weeks ago, this afternoon. Wallace is charged with transporting the liquor in his car, but his lawyer, Attorney C. C. Wallace is arguing that he cannot be held on the charge inasmuch as it is claimed that he did not know that the men had whiskey. Mr. Wallace cites a recent decision of the Kentucky Court of Appeals as defining the liabilities of common carriers, etc. Young Wallace runs a taxi line between Ravenna and Irvine. Mr. Wallace contends that only the transporting charge can be held against Hines also.

A. J. Wilborn, in whose house Young had a couple of rooms rented, told of seeing several of the men enter the place and says he smelled whiskey, and saw them leave with two sacks. Floyd Rogers, of Irvine, who said he went to his rooms with Young, didn't remember a lot of vital questions that were asked. He said he picked up a jar of white whiskey which was in the kitchen and took it away with him but did not pay for it. He said one of the men had a sack when left the house but he didn't remember which one, nor did he see him pick up the sack or see them put anything into it.

Deputy Collector Williams said that Young had told him on the train to Richmond when the men were first brought down before the Commissioner, that he had gone with the others to Ross Creek, to the house of a man named Green Eastis, and that the latter's son Tom went out and got some moonshine for them. He said that Young told him he drank some of it and gave the rest away.

Deputy U. S. Marshal U. G. McFarland was also present and questioned the witnesses. County Judge O. K. Noland and County Attorney John Walker were also present. It was said that they had come down to testify to the good character of the defendants. Marshal Philpott, of Irvine, was the chief witness.

The case was being argued by Attorney Wallace as the Daily Register's report closed for today.

MISS SHOTWELL WINS IN GIRLS' CONTEST

With Miss Bronston A Close Second—Normal Societies Have Big Time Monday Night

One of the most enthusiastic school meetings ever held in Richmond was the contest staged in the auditorium of the Eastern Kentucky State Normal School Monday night. At 7:45 o'clock the assembled societies began their hilarity and it continued until long after the winner of the girls' declamatory contest had been announced. Six societies took part in the contest, the Excelsior, Cynthia, Carpediem, Washington, Utopian and Periclesian. The contest extended beyond the speaking stage—yell leaders vied with each other, societies tried to drown the cheers of each other, even the visitors took active interest in the noise making.

At 8:15 President Coates called the house to order and introduced the judges: Superintendents Ireland, Kirkpatrick and McClain. These men were received with loud cheers and after being conducted to their stations in the different parts of the building the program began. Miss Ruth B. Long, of the Excelsior Society was introduced by the chairman and cheered by her society. "Freedom's Hope" was her subject and she handled it well. She received much applause.

Next, Miss Matha E. Williams, of the Cynthia Society, was introduced and read "Cuddy," by McCarty in excellent style. The entire audience voiced their approval by cheering her for a long time.

"For the Love of Mary Ellen" was the selection of Mrs. G. M. Watkins, of the Carpediem Society. The Carpediems gave her a good send-off after the introduction. Everybody joined in the applause at the close of her reading.

The Washington Society was represented by Miss Nannie Belle Hawkins, who handled the "King of Boyville" in excellent style. Her society felt positively that she had captured the honors when she had finished.

At the point Superintendent J. W. Ireland, of Frankfort sang "All Through The Night." Mr. Ireland has a magnificent voice and after being encored by the entire audience, each society gave 15 raps! for the popular educator. He stated that he would be glad to sing some more, but he had been singing all through the night—more cheers.

Miss Mary Bronston, the champion of the Utopian Society, delighted the audience with her excellent selection, "The Story of Patsy." Miss Bronston is one of the most promising entertainers in Richmond and received the heartiest applause of the entire assemblage. Her Society assured everybody that it was all over, but the Periclesians were to be heard.

With splendid spirit, Henry Arnold, cheer reader, gave Miss Ethel Shotwell a rousing send-off. She delivered Dunbar's "The Party" in true dialect. It was humorous and well received.

While the judges were making their decision the societies were having a good time seeing which could make the most noise. Superintendent Kirkpatrick, of Paris, came into the auditorium to make his announcement. If a man ever tortured an audience without inflicting real punishment Sup. Kirkpatrick did. He told the students that the judges had finally decided to give the medal to the winner and that the one who got second place was—the one that had the next best speech. With such remarks he held the audience almost breathless for several minutes. He then announced that Miss Mary Bronston had been awarded second place and Miss Ethel Shotwell had won the medal. It was a real joy to hear the societies join in giving a rousing cheer for the winner.

The Periclesians, turned loose some more noise and way up into the night they continued to celebrate. The oratorical contest will be held tonight at eight o'clock. Everyone is cordially invited although everyone cannot be accommodated because of the intense interest. Come early if

MAYOR EVANS HEADS LEGION DRIVE HERE

Urges Strong Backing For Body That Is Bulwark Against Bolshevism

Mayor L. P. Evans has taken charge of the drive for the American Legion civilian fund, which begins March 31st. Much interest is being aroused all over the state in this drive, as it is being led by men who were not in the service, and is strictly a "Layman's" campaign. In making announcement of the opening of the campaign here, Mayor Evans says:

A canvass for the American Legion to help them to perpetuate our present form of Government, will be made on March 31st.

There is a great need for such work and the Legion is trying to fight the efforts of those who are trying to overthrow our Government.

Are you aware that there is an active organization, claiming the support of more than two million adherents, having for its purpose radical changes in the Constitution of the United States?

Do you realize that there is more bolshevism in America to the square foot than there is in Russia to be square mile? And do you know the various forces of radicalism are doing their best to disorganize things in this country, so that they may overthrow our form of government?

Can you contemplate without alarm what it would mean if the proposal of a United States Senator should be adopted that any judge who pronounced any act of legislation "unconstitutional" should ipso facto be compelled to vacate his office?

Would you have any faith in a "due process of law," if judges were subject to removal by the action of a mob which uses its political power to exempt convicted murderers from punishment?

Do you realize that organized societies now existing in this country with principles that have created anarchy in Russia might together hold a numerical balance of power in a presidential election?

Have you observed that prominent men seeking election to high office in this country do not hesitate to cast doubt on the importance and validity of so-called "property rights" as distinguished from "political rights"?

Do you not perceive what an opportunity is furnished for an principled demagogue to join in a clamor against constitutional guarantees?

Are you aware that men now holding office deprecate the authority of the Constitution they have solemnly sworn to defend?

Do you believe that, as a citizen, you are doing your duty if you do not at least put yourself on record as a friend and defender of Constitutional Government?

Will you not then back the American Legion by subscribing to the fund which Kentucky is endeavoring to raise to enable it to properly perform its functions in the interest of a 100 per cent Americanism? The Legion today stands a bulwark of the nation.

The drive for funds will be made on March 31st, and it is the hope of the committee that Madison county will do its part.

WHY COLDS ARE DANGEROUS

Your are often told to "beware of a cold," but why? We will tell you: Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer a cold hangs on, the greater the danger, especially from the germ diseases, as a cold prepares the system for the reception and development of the germs of consumption, diphtheria, scarlet fever and whooping cough. The quicker you get rid of your cold, the less the danger of contracting one of these diseases. Chamberlain's Cough Remedy has a great reputation as a cure for colds and can be relied upon. It is pleasant to take.

The Newspaper Reporter

Who May Be President

Starting as a reporter, first on
his brother-in-law's paper in
Middletown, Ohio, and after-
ward on the Cincinnati Enquirer,
where he achieved notoriety by
his "railroad column", "Jimmy"
Cox has risen to a place in the
world's business where he is ac-
tively discussed as the next
President.

Two successful newspapers,
two terms in Congress, and three
terms as Governor of Ohio is
an enviable record for man but
now James Middleton Cox has
his eyes on the Presidency.

While advertising for news in
Cincinnati, Cox made many
friends and mixed a little in
politics. When Paul J. Sorg,
tobacco manufacturer
elected to Congress he ap-
pointed Cox as his private secre-
tary and Cox looked after the in-
terests of Sorg's constituents so
well that it paid him big divi-
dends when he himself entered
actually into politics. As an in-
stance, it is said that Cox is the
only Democrat who has ever re-
ceived a majority of the voters in
the Dayton Soldier's Home
where more than 5,000 G. A. R.
veterans are residents. Cox got
their votes because he "nursed
them along" when he was Sorg's
secretary.

Buys Weak Newspaper

After Sorg had served his one and
only term Cox returned to private life.
He bought the Dayton News, a "mor-
ning, sickly sheet". Concerning this
adventure J. H. Webb says:

"Cox saw an opportunity to become
a publisher, he had no money, but
he got \$400 to back him, bought the
run-down News and started the busi-
ness fight of his life—to 'make both
ends meet' and pay for the newspaper
he bought on credit."

"He worked day and night; was re-
porter, and solicitor, city editor, edi-
torial writer, business manager, and
tirelessly worked to 'get out from un-
der'."

"He won."

It wasn't long until Cox, who was a
good mixer and who possessed a level
head, got into politics. He was elec-
ted to the Sixty-first Congress and then
to the Sixty-second.

Governor of Ohio

In 1912 Cox was elected Governor of
Ohio. Here he made an enviable re-
cord during his first term. He
fought for progressive and construc-
tive legislation. He demanded that
the legislature pass 56 progressive
measures covering every field of ac-
tivity. Politicians saw disaster ahead
of them; they cried "Bossism", and one
of them, Harvey Garber headed the
"True Democracy", which linked with
the Republicans, defeated Cox for re-
election.

Cox then went back to his old work.
He bought the Springfield Republican,
a Republican morning daily. This
paper was in about the same shape
that the Dayton paper was before Cox
took hold of it. Cox changed the
name, time, and political color of the
Springfield paper, putting it out every

Suffering Described As Torture

Rossville, Ga.—Mrs. Kate Lee Able, of
this place, writes: "My husband is an
engineer, and once while lifting, he in-
dented himself with a piece of heavy ma-
chinery, across the abdomen. He was
so sore he could not bear to press on
himself at all, on chest or abdomen. He
weighed 165 lbs., and fell off until he
weighed 110 lbs., in two weeks."

He became constipated and it looked
like he would die. We had three different
doctors, yet with all their medicine, his
bowels failed to act. He would turn up
a ten-cent bottle of castor oil, and drink
it two or three days in succession. He
did this yet without result. We became
desperate, he suffered so. He was swollen
terribly. He told me his suffering
could only be described as torture.

I sent and bought Thedford's Black-
Draught. I made him take a big dose,
and when it began to act he fainted, he
was in such misery, but he got relief and
began to mend at once. He got well,
and we both feel he owes his life to
Thedford's Black-Draught."

Thedford's Black-Draught will help you
to keep fit, ready for the day's work.

This tribute by his former secre-
tary is an X-ray picture of the per-

sonality and character of probably the
next occupant of the White House.

The Big March Sale To Be Continued For Ten Days

— WE HAVE DECIDED TO CONTINUE THE —

Big Furniture Sale at Our Store for the First 10 Days in the Month of April

There have been great number of our country friends who have been unable to attend the sale and have expressed a desire to take advantage of some of the unusual low sale prices that have prevailed on our entire stock during the month of March.

Since we started the sale, load after load of furniture has been received by us from the large manufacturers, which we have decided to throw in this wind-up sale. We are reserving only the Victrolas and Columbia Gramophones, which we are unable to reduce for this sale, but there are remarkable reductions on every piece of furniture in our two large rooms, and with the steadily advance of price in this line, you can not possibly make a mistake in buying, for the future.

Remember we do as we advertise. If we quote a price in our advertisement, you will find that we live up to that price, regardless of market conditions.

We take pleasure in telling you that a carload of Leonard Refrigerators will be received this week, and will be included in this sale at the same reduction of price that prevails on all other stock.

The Best Insurance Against Influenza

Prominent Educator Believes That Vapomenthia Is A Sure Preventive

Dr. R. M. Brame, discoverer of Brame's Vapomenthia Salve, has a letter from C. C. Wright, Superintendent of the Wilkes County, N. C., Public Schools, in which he says: "We have used Brame's Vapomenthia Salve for nearly all the ills for which it is prescribed and have always secured satisfactory results. If used in time it has never failed to break up colds, usually the forerunner of Grippe, Influenza and Pneumonia. I believe if this preparation is used in time it will prevent the development of pneumonia in every instance, if used according to directions."

These strong statements are fully justified by the remarkable recoveries that follow. Brame's Vapomenthia Salve is applied freely over the chest and throat and inserted in each nostril.

Brame's Vapomenthia Salve penetrates the pores of the skin, relieving congestion, at the same time healing vapors arise and are breathed through the mouth and nose, loosening the phlegm and causing the patient to breathe freely. Its absolute reliability is evidenced by dozens of unsolicited testimonials. Brame's Vapomenthia Salve will relieve pneumonia, influenza, grippe, pleurisy, bronchitis, whooping cough, catarrh, asthma, tonsillitis, hay fever and inflammation of the skin.

Vapomenthia is applied externally, and it will not stain the clothes, as other salves do. No home should ever be without it. Buy it from your dealer or direct from the Brame Drug Co., North Wilkesboro, N. C. A small bottle costs 30c; a much larger one, containing six times as much, \$1.20. —Adv.

M'DOUGLE JUDGES CONTEST AT CENTRE

Dr. E. C. McDougle has returned from Danville, where by unanimous vote of the judges, of whom he was one, Centre College was declared victor in the inter-collegiate debate held between Centre and Georgetown College in the college chapel. The subject of the debate was "Resolved, That Compulsory Arbitration of Labor Disputes Be Declared by Federal Enactment, Constitutionality Conceded." The Centre team won, composed of H. K. Bullitt and W. S. Hynes, upheld the affirmative and the Georgetown team, made up of J. T. Lair and T. K. Shuff, represented the negative.

The judges of the debate were Mr. Charles O. Ryan, of Lawrenceburg, Dr. McDougle, and Judge Lyman Chalkley, of Lexington.

Jim Park A Busy Lad

The Courier-Journal had this Monday about Madison's famous athletic son: Whether Jim Parks returns to professional base ball this season depends upon a great many factors. He is now coach of the Transylvania College athletic team and is studying law at the University of Kentucky. He belongs to the Oklahoma City team in the Western League. If he signs a contract with the Oklahoma City team it will be conditional upon his reporting after June 1. Jim will remain at Lexington to complete his work as Transylvania's coach and to take his degree in law at the university. He also expects to take the examination for admission to the bar before June, so that he can't be bothered with professional baseball until after that time.

What causes Indigestion

An excess of acid in the stomach sours the food and starts fermentation. Distressing gases form. Your meals don't digest but lay like lumps of lead. Then you have heartburn, flatulence, fullness, belching, headache, and real misery in the stomach and intestines.

A few tablets of "Pape's Diapepsin" bring relief almost as soon as they reach the stomach. "Pape's Diapepsin" costs little at drug stores.
